

Programme:

- ❖ 18:00 Arrival
- ❖ 18:30 Welcome Address, by:
Dr. Mohammad Rezania, Reader in Geotechnical Engineering, University of Warwick
Dr. Meghdad Bagheri, Academic Liaison of the BGA-ECG
- ❖ 18:45 Presentation "The Quaternary Geology of HS2 and Implications for Geotechnical Design", by:
Mr. Joe Mazgajczyk, Mott MacDonald
- ❖ 19:00 Presentation "The use of distributed fibre optics within geogrids to monitor strains at small displacements over chalk beds prone to solution features on the HS2 project", by:
Mr. Dave Woods, Huesker Ltd.
- ❖ 19:15 Networking Session
- ❖ 20:00 Formal close of the event

Early Career Evening Event at University of Warwick

15th November 2023 18:00

Room A401, School of
Engineering Building,
University of Warwick,
CV4 7AL

Event Highlights:

- Engage in insightful discussions on the advancements in geotechnics
- Build valuable connections with peers and industry leaders
- Opportunity to learn from renowned experts in the field
- Refreshment will be included
